

# The New Jersey Institute for Training in Psychoanalysis

## #S205 - Psychopathology II

---

### **COURSE DESCRIPTION:**

Built on the foundation constructed earlier in Psychopathology 1, this course will combine a developmental model with our understanding of the origin and predicted route that various kinds of psychopathologies take.

### **ABOUT THE INSTRUCTOR**

### **COURSE OBJECTIVES:**

- Explore different psychoanalytical approaches to psychopathology
- Show the clinical manifestations and applications of theory to practice
- Analyze the nature versus nurture dichotomy in psychopathology
- Examine pathologies associated with trauma, dissociation and sadomasochistic dynamics.

Target audience: Suitable for social workers, licensed professional counselors and other mental health professionals
